## I.—GENERAL INSTRUCTIONS.

*Badges of Rank.* The several ranks of officers are designated by embroidered badges, as follows:—

Field Marshals wear a special badge.

The grades of General Officers are distinguished thus—  
Generals wear a crown and star ;  
Lieutenant-Generals, a crown ; and  
Major-Generals, a star.

The grades of Field Officers are distinguished in like manner—

Colonels wear a crown and star ;  
Lieutenant-Colonels, a crown ; and  
Majors, a star.

And, similarly,

Captains wear a crown and star ;  
Lieutenants, a crown ; and  
Sub-Lieutenants, a star.

These badges, when worn on the collar, will be an inch high ; and, when on the saddle-cloth,  $2\frac{1}{2}$  inches high.

Regimental Officers having Brevet Rank wear the badges of their Army Rank, and Departmental Officers wear the badges of their Relative Rank.

*Special Badges.* No badges of a special character are allowed to be worn, except in the Regiments, and on the articles of dress specified in these Regulations.

*Boots and Spurs.* Mounted Officers, except where otherwise specified, wear, when on mounted duties, high boots with crane-necked spurs fastened with straps and buckles. Officers who are not mounted wear Wellington, or ankle, boots. The high boots must be, as regards shape, in accordance with the sealed pattern, but the height will depend upon the length of the leg and the relative height of the calf. The boot which is sloped down at the back, should reach at the back just to the top of the calf, generally about  $4\frac{1}{2}$  or 5 inches from the top of the knee.

*Braid, Buttons, &c.* Unless otherwise specified, loops, frogs, and buttons on the front of tunics, &c. will be at equal distances. Buttons, generally, will be an inch in diameter, and "small" buttons  $\frac{1}{4}$  of an inch. When loops of lace or cord are worn across the breast, the top loops will reach to the sleeve seams, and those at the waist will be 4 inches long.

*Cocked-Hats.* Cocked-hats will be of black beaver, or silk ; and of the following dimensions:—

The left side 7 inches high, the right side  $6\frac{1}{2}$  inches, each corner  $4\frac{1}{2}$  inches long.

There will be a black silk cockade on the right side, with a loop and button over it ; and, at each corner, a bullion tassel,  $1\frac{1}{4}$  inch long, exclusive of the head.

## I.

## GENERAL INSTRUCTIONS.

*Collars and Cuffs.* The collars of all tunics and jackets ; and of all frocks, except those with rolling collars, will be rounded at the top in front. Collars and cuffs, unless it is otherwise stated, will be of the same material and colour as the rest of the coat.

*Depth of Skirts.* The skirts of tunics for Officers 5 feet 9 inches high will be—

For Field Marshals, General Officers and Colonels on the Staff, Artillery, Engineers, Foot Guards, Infantry Regiments and Departments generally ; 10 inches.

For General Staff, Household Cavalry, Dragoons, Hussars, Lancers, and Rifle Regiments ; 9 inches.

The skirts of frocks will be 17 inches deep for all Officers 5 feet 9 inches high, except Chaplains who may wear them deeper.

The proportionate variation for each inch of difference in height is about  $\frac{1}{4}$  inch in the skirts of frocks and  $\frac{1}{8}$  inch in the skirts of tunics.

*Forage-Caps.* Forage-caps will be  $2\frac{1}{2}$  inches high.

*Gloves.* Gloves, except where otherwise stated, will be of white leather.

*Great-Coats and Capes.* Great coats will be made according to the following description :—

Milled cloth, double-breasted, to reach within a foot of the ground. Stand-and-fall collar,  $4\frac{1}{2}$  inches deep with a fly to cover the band of the cape when buttoned on. Loose round cuffs, 6 inches deep. 2 pockets at the waist in front, 2 openings behind, at the side-seams, with pointed flaps 11 inches long ; and a breast pocket on the left inside. A slit in the left side for hilt of sword to pass through. An opening behind, 19 inches long, with a fly. 2 rows of buttons down the front, 6 in each row, the top buttons 6 inches apart, the bottom ones four inches ; 3 buttons on each skirt-flap, the centre one to close the pocket ; 4 small buttons at the opening behind ; and 5 flat buttons under the fly at the collar. A cloth back-strap, attached to the top button of the skirt-flap, to confine the coat at the waist ; 2 hooks and eyes to the collar. Cape of the same cloth as the coat, to button on, and long enough to cover the knuckles ; with 4 small buttons in front, and 2 hooks on the collar.

*Patrol-Jackets.* Patrol-jackets, except those otherwise specified, will be made according to the following description :—

Blue cloth, 28 inches long from the bottom of the collar behind, for an officer 5 feet 9 inches in height, with a proportionate variation for any difference in height, rounded in front, and edged with inch black mohair braid all round and up the openings at the sides. On each side in front, 4 double drop loops of  $\frac{1}{4}$  inch flat plait, with eyes in the centre of each loop, the top loops

## GENERAL INSTRUCTIONS.

## I.

reaching to the sleeve seams, and the bottom ones 4 inches long; 4 netted olivets on the right side, to fasten through the loops on the left. On each sleeve, an Austrian knot of flat plait 7 inches high from the bottom of the cuff. Double flat plait on each back seam, with crow's foot at top and bottom, and 2 double eyes at equal distances. Pockets fitted with flaps in and out. Hooks and eyes in front.

**Peaks.** The peaks of all chacos will be horizontal; and the peaks of forage-caps, except those of the Staff, the Household Cavalry, and the Foot Guards.

**Sabretaches.** Staff Officers may wear, when mounted, Russia leather sabretaches and slings of special pattern.

Officers of Household Cavalry, Dragoons, and Lancers; and Mounted Officers of Royal Engineers, Infantry Regiments, and Departments, wear, when on mounted duties, black leather sabretaches of similar pattern with metal ornaments of regimental (or departmental) patterns, and with slings to match their sword-belts.

**Sashes.** Sashes will be worn diagonally over the left shoulder and under the left shoulder cord: the ends will be crossed through a runner at the waist, and the sash will be of such length that the ends of the tassels shall just reach the bottom of the skirt of the tunic.

**Swords.** Swords, unless otherwise described, will be made according to the following description:—

Half-basket hilt and back-piece of steel or gilt metal, black fish-skin grip, bound with silver wire when the hilt is of steel, or with gilt wire when the hilt is of gilt metal; slightly-curved blade, grooved and spear-pointed. Full size—blade 35 inches long and 1½ inch wide at the shoulder; extreme length, including the hilt, 41 inches; weight, without scabbard, 2 pounds. Second size—blade 33 inches long and an inch wide at the shoulder; extreme length, including hilt 38½ inches; weight, without scabbard, 1 pound 12 ounces.

**Tunics and Jackets.** All tunics, except those of Lancers, and Staff Officers of Pensioners, and all jackets, will be single-breasted.

**Waterproof Cloak.** For all ranks in accordance with the pattern sealed and deposited in the pattern room. Length of the cloak to vary according to height and size of wearer. This cloak may be worn by the Staff, and in camp and quarters off parade by all other officers.

**N.B.—Sealed patterns of buttons, lace, embroidery, collars, badges, devices, and horse furniture and appointments, are deposited, for reference and guidance, at the Horse Guards, War Office.**
